

A background image showing three business professionals in a meeting. On the left, a woman with blonde hair is seen in profile, wearing a light-colored blazer. In the center, a man with glasses and a beard is looking towards the right. On the right, a woman with dark curly hair is smiling and gesturing with her hands. They are all seated at a table, and the background is a bright, modern office setting.

Next Generation Support for Service Gateway

# Next Generation Support for Service Gateway

Customer success is our #1 objective, and that's why we've improved our support model to ensure you maximise the value you achieve from your Service Gateway solution. We know one size doesn't fit all – we have expanded our support program to offer several options so customers can select the tier which maximises the value for their business. Most importantly, all of our support tiers now include low or no-cost access to the ZephyrTel Prime program, which provides access to our complete portfolio of solutions for the Telecommunications industry.

## Platinum

The complete concierge-level support package to help you get the maximum value from Service Gateway.

## Gold

An advanced support structure with a range of benefits to help meet your needs quickly.

## Standard

A foundation that allows you to raise tickets, access our knowledge base and access available software updates.

# Platinum

**ZephyrTel's Platinum Premier Support** tier is the preferred option for customers that want to get the most from their Service Gateway solution. It's the complete, concierge-level support package, giving you the widest array of services and highest prioritisation for issue resolution. With Platinum, you'll receive industry-leading assistance from ZephyrTel's support, services, and engineering teams and a range of exclusive benefits including complete access to our **Customer Success** program, always-on 24x7 support, and prioritised response times within 1 hour.

You will have complete access to the full support suite whenever you need it, keeping your critical systems finely tuned to work even harder for your business. All delivered with clear pricing predictability over the term of your agreement with us.

# Why Choose Platinum?

## Annual Managed Upgrade – keeping your solution at the cutting-edge.

Platinum customers will achieve significant savings by allowing our team of experts to upgrade their software each year of your agreement. Our rigorous process takes you from your approved, supported version to our latest platform release, giving your organisation all the benefits of the newest Service Gateway features and security enhancements at no additional cost!

## Customer Success Management – getting the most from your solution.

You'll have exclusive access to a brand new team of product experts. **The Customer Success Management team** is dedicated to ensuring your continued success with your chosen ZephyrTel solutions. They will work with your team to identify long-term business objectives and work across functions within the ZephyrTel team to drive outcomes that will help you ensure your goals are achieved.

## Always-On Support with Unlimited Access – we're here when you need us.

Support whenever you need it 24x7. Raise unlimited tickets through the Customer Portal at any time and our Support Team will be there to help you. You can also call us to talk through your query with a member of the team.

# Why Choose Platinum?

## Highest Priority resolution – keeping your solution running optimally.

Receive the highest-level priority on all support requests such that your issues are triaged with priority over those of other non-Platinum customers. You'll get VIP treatment and the fastest response time with your Platinum subscription. Our Support team will get straight to your ticket and respond to you within 1 hour.

## ZephyrTel Prime – additional solutions without the license costs.

**ZephyrTel Prime** is an exciting new program that gives you low to no-cost access to additional software applications that can help you scale your business, launch new initiatives, and reduce technology expense. Prime is a valuable and tangible token of our appreciation for your continued partnership with us.

We are laser-focused on helping our Telecommunications customers accelerate their business reinvention through our growing suite of solutions. We already offer the broadest portfolio of proven solutions, and these are all available to you through ZephyrTel Prime.

Refer to the **ZephyrTel Prime Solutions Brochure** for the latest list of Prime solutions.
